## 🎓 EDUCATION

Al bayt university 2016\_2020

computer information systems- NETWORK - DATABASE - business environment - PROGRAMING - SYSTEM SOFTWARE - SYSTEMANALYSIS - SECURITY - SYSTEM OPERTING AI - HARDWARE

## 💡 PROJECTS

MAKRUMAH.NET

Most of the students studying on a royal account face some problems, on the other hand the employee needs time to sign and check papers. We develop and design a website that meets the needs of students and employees in these matters and more. Our website has many features and the main focus is to provide the required paperwork online to help without facilitating the required procedures for the course. The student can browse announcements and get dates for receiving the financial dues.
